### Fitness News

Everyone experiences some aches and pains occasionally! It may happen from overdoing it on the courts, or from a tough workout. We have all the "natural painkillers" here at the club to help with it! According to a recent study by the National Center for Complementary and Integrative Health, Yoga, Stretching and Massage Therapy can often work as well as conventional methods. "Natural pain relievers" can include Yoga, Stretching for myofascial release with Foam Rolling and Massage Therapy. We have an excellent Yoga program for those looking for a class to help ease their aches. We also offer Massage Therapy for everything from a simple spa/relaxation type to a sports/clinical massage.

**Thank you to all the members who filled out a heart for Valentine's Day. We appreciate you!**
